LULL IN THE WAR MOVEMENT

Mediation Plans Are Believed to be Coming More Practical.

READY FOR INVASION.

General Staff of United States Outlines Possible Campaign in Northern Part of Mexico.

Washington, May 2.—That mediation proposals have so far progressed as to assume definite shape was the statement in official quarters today. It is understood that as the result of the exchange of views the Mexican mediators—Argentine, Brazil and Chile—are hopeful that they will at least, be able to reconcile the differences between Huerta and the United States.

But so far as Carranza is concerned officialdom preserves complete silence. He has declared that he will not stop fighting until he enters Mexico City at the head of a victorious army, and up to the present has declined to make any promises so far as Huerta is concerned, although insisting that he "accepted the principle of mediation."

Though there is much hope that war with Mexico will be averted, and that even if the army has to go to Mexico City, there will be no general collision with all factions in the republic, the mediation program is in a sufficiently ticklish state that the army and navy officers are continuing preparations to make a record for rapid and effective action should it become necessary.

A big force will be gathered along the Texas border and the general staff has all plans made for a campaign in northern Mexico.

Villa's army, and not that of Heurta, is the one which will make most trouble if the much discussed general turning of Mexicans against the United States eventuates.

Villa's army is both well organized and well equipped with mdern rifles and modern artillery. Moreover, it has had experience in hard campaigning, can stand punishment and put up the hardest kind of fighting. The armies of the other Constitutionalist leaders in the north, Obregon, Gonzales and Caballero, are also well organized nad well equiped.

Villa's troops are armed with high-power Remingtons and Mausers. For practical purposes, these are about as serviceable arms as those of the American troops. The United States Army rifle is a better weapon than either the Mauser or Remington, but within such ranges as battles would probably be fought the rifles of the Mexicans would be amply effective.

The field artillery of the American army is said to be the best in the world. Moreover, the American artillerymen know how to serve the guns. The Mexicans, both federal and constitutionalist, have a great deal of modern artillery. But they are lacking in good gunners.

If there is any extensive fighting, whether against Huerta's troops or Villa's troops, the American artillery may be expected to be of great service.

POLICE COURT.

(Justice H. B. Caton, Presiding.)

Thomas Roddy, colored, charged with shooting Leonard Nalls, was held for the action of the grand jury.

Charles Williams and William Davis, both colored, arrested in connection with the case, were dismissed.

John Pines, colored, charged with attempted larceny, was dismissed, the complainant failing to appear.

William Saunders, colored, charged with assaulting [illegible] Madkin, had his case continued.

Welford Jones, charged with being drunk and disorderly, was held until his brother can come here and take him back to his home.

Beauaregard Gorham, charged with being drunk and disorderly, was dismissed.

A young man, charged with being drunk was dismissed.

HIGH SCHOOL PLAYS.

Benefit For Alexandria Hospital at Opera House Well Attended.

Last night marked the second production of one of the best performances ever put forth by amateurs in this city. "Everystudent" and "The Princess," the two plays which the Alexandria High School Players presented a month ago at the Westminster Building, were produced again last night at the Opera House by the same management and cast for the benefit of the new hospital. The Opera House downstairs was filled. Every cent cleared on the benefit will go to the new hospital fund, and it is probable that this will include all the door receipts, as most of the expense was made up by the advertisements on the program and the candy sold between the scenes by the A. H. S. Girls' Athletic Association..

Players in both plays spoke with clearness, especally Everystudent himself, and could be understood all over the house. In fact every one who acted in the plays knew their part perfectly. The soliloquies of various characters always brought forth much applause and the expression put into their lines by the Prince, Florien, and Cyril in "The Princess was excellent. The Grecian drill by the pupils of the university in the third scene of "The Princess" was an enjoyable and highly pleasing feature of this play. Miss Anna Haslett, one of the pupils, who so beautifully sang Tennyson's "Tears Idle Tears," was applauded over and over again, as also was Miss Anita Birrell, who gave the Bugle Song.

Mr. E. B. Prettyman is to be highly complimented for his most successful stage management of the plays. The faculty and student body of the High School desires to thank all persons who lent anything for the production of the plays, and all who in any way helped to make the plays the success they were.

TWO-FIFTHS OF AMOUNT NEEDED

Committee Assured Twenty Thousand Dollars For New Hospital.

END OF SECOND WEEK.

Large Contributions Known to be Coming in—Want to Complete Work Inside Another Week.

Twenty thousand dollars or two fifths of the entire amount needed for the new hospital is now subscribed. When the committees had completed their work last night it was found that the total of the subscriptions was $19,511 and since that time other subscriptions have been sent in which will bring the total up to $20,000.

When we consider the fact that at the ending of the second week, of the proposed six weeks campaign, shows two-fifths of the amount required and that only a small portion of the people have yet sent in their subscriptions and large contributions are known to be coming in, it shows absolutely that the spirit of determining to do what one wilis is abroad in Alexandria. Yet the committee is anxious to complete this work inside of next week, and those who intend to subscribe to the fund are urged to do so now. In fact, it is only just that the merchants and manufacturers of our city are giving their time and efofrts to this work should be relieved as early as possible, and, as the pledges can be paid any time during the next ten or twelve months it makes little difference to the subscribers, whether they are sent in now or a week or two later. On next Thursday every contribution received before that time will be published, and it would be most gratifying to publish all names at once

Mount Vernon Chapter, Royal Arch Masons, at a meeting last night, subscribed $100 to the fund.

SPECIAL HOSPITAL EDITION TO BE ISSUED ON THURSDAY

Complete list of subscribers to the building fund will be published with the view of increasing enthusiasm in the project.

OPPORTUNITY FOR MERCHANTS TO ADVERTISE

In order that the enthusiasm connected with the raising of the $50,000 fund for the new hospital in Alexandria may be furthered, the Gazette, on next Thursday, afternoon will issue a special hospital edition in which a complete list of names of all subscribers to the hospital fund to date will be published.

The interest in the hospital is not lagging, but to make sure that the fund may be attained by the specified time, every resident of Alexandria and vicinity must be keyed up to the highest pitch. To that end the committee in charge of raising the fund has co-operated with the Gazette, in issuing and circulating a large number of papers.

A total of 6,000 copies of this edition are to be printed and circulated. Of this number the building fund committee has ordered 3,500 copies which it will distribute about the city and vicinity. The Gazette, in addition to its circulaton of 2,000 will circulate 500 additional copies, making a grand total of 6,000 copies.

The merchants of the city will profit by this edition in an advertising way, it being a most excellent opportunity for them to place merchandise announcements and bargains before the public. It is absolutely guaranteed that a copy of the special edition will be placed at the doorstep of every house in the city of Alexandria, in Rosemont, Braddock Heights, St. Elmo, Mt. Ida, Del Ray, and throughout Alexandria and Fairfax counties.

Advertisements for the edition will be accepted not later than next Tuesday morning. Call No. 7 on either phone or drop a card and a solicitor will call and place your ad. The edition will serve a double purpose in creating a deeper interest in the hospital and in enabling the merchants of the city to increase their business.

CARLIN WILL ADVANCE.

Will Rank on Judiciary Committee by Clayton's Judgeship.

The announcement that Representative Henry D. Clayton, of Alabama, has accepted the district judgeship of the United States Court for the middle and northern district of Alabama, will mean a big jump for Representative Charles C. Carlin, of this city. Mr. Clayton is now the chairman of the committee of Judiciary, the third ranking committee of the Congress. Edwin Y. Webb, of North Carolina, is second and will succeed Mr. Clayton as chairman. Mr. Carlin is now the third member and will become the ranking member of the committee. The judiciary committee is now entrusted with the carrying out of the administrations' program to curb the trusts and Mr. Carlin will figure very prominently in the public eye within the next two years because of his position.

Representative Clayton received and accepted the appointment yesterday from President Wilson.

Several weeks ago the report was current that Mr. Clayton would retire from Congress at the end of his present term to accept a judgeship in the District of Columbia Supreme Court.

Previous to the senatorial campaign in Alabama, which resulted in the nomination of Majority Leader Underwood, Mr. Clayton announced that he would also be a candidate in that contest. He retired from the race, however, at the urgent request of the President, who desired him to remain at the helm in the Judiciary committee while the trust measures were under consideration in the House. Intimate friends of the Alabama statesman, who is now rounding out his ninth continuous term in the lower body of Congress, have known for some time of his ambition to complete his public career on the Federal bench, for which, they say, he is by training, experience and inclination eminently fitted.

DEATH OF A PAINTER.

James R. Peterson, 62 years old, died at the Alexandria Hospital last night as the result of injuries received fro ma fall. Mr. Peterson is a painter by trade, and on last Saturday, while working at Front Royal, Va., fell from a scaffold, a distance of twenty feet. His spine was injured. He was a brother of Mrs. J. H. Chilcott, of this city. His remains will be shipshipped to Front Royal tomorrow for burial.

JACKSON DAY A GREAT SUCCESS

Funds For Equestrian Monument Came From All Over State.

$3,836 IN RICHMOND.

Large Sums in Checks are Being Forwarded to Treasurer of Association in Capital City.

Richmond, May 2.—Fifty-one years ago today General Stonewall Jackson was mortally wounded at Chancellorsville, and the Confederate cause suffered a blow from which it never recovered. Yesterday a tardy people remembered the great chieftain, whom certain English gentlemen were the first to honor. Into the little coffers carried through the streets by a hundred women, to whom the task of rearing a memorial to Jackson in stone and bronze has been left, Richmond people pour coins and bills amounting among those boxes counted, to $3,856.76. The total amount will reach a larger sum when twenty-five boxes, maintained in the outskirts of the city, are reported and counted in.

The people who contributed yesterday were those who, though loving the memory of Jackson as much, were not able to contribute as large sums as others to whom fortune has been more kind. It was the generous toll of a people who remembered that they had forgotten, who wished to be numbered among the vast army that all through Virginia yesterday was giving its tithe to the Confederate general whose name heads history's title page.

The larger subscriptions are coming in by check, more than one contribution for $100 having been mailed yesterday to E. D. Hotchkiss, treasurer of the Stonewall Jackson Monument Corporation. Some of those more well-to-do who dropped contributions in the boxes to join all Richmond in the wearing of a flag for Jackson Day assured the association officers that a check for a larger sum would follow.

The little flags were bought without necessity of solicitation. They were simply proffered for sale, and there was never need to ask that a man or woman or child buy. Thousands of them were sold—some for a dime, some for a dollar and more. When the last box is counted it is expected that the sum will be more than $4,000.

Notable among the contributors were the school children, hundreds of whom purchased a little flag for a penny and proudly wore it home after school. South Richmond contributed $131.73, and of this amount $9 was given by the children of Powhatan school and $6 by the children of Bainbridge school. The Chesterfield Juniors, who were stationed at Seventh and Broad streets, labored so faithfully that they brought in to the counters $103.61.

The money gathered in yesterday all over Virginia will be applied to the erection of an equestrian monument to Jackson. Where this monument shall be reared is not yet decided. Richmond has been asked to donate a site, and pedestal, and it is believed that sentiment will be sufficiently favorable to gain this much from the city. The State of Virginia has contributed $10,000. It is believed that the monument to Jackson should be not far distant from those others to whom the South has accorded their due of praise and memory—Davis, Lee and Stuart. The only memorial to Jackson is that which stands in the Capitol Square, reared to him by English gentlemen and presented to the State of Virginia as a mark of their appreciation of the Confederate chieftain, whom they had known, admired and then loved. Now the people of whom Jackson was one, and for whom he fought and gave his life, desire to raise a memorial to his name, and to every one was given the privilege of contributing what he could afford to give.

"Jackson Day" was observed everywhere in Virginia yesterday. Large sums were given by check, and these were not counted in with the money poured into the boxes carried about the streets. So that, when the whole amount is counted and set aside, the Virginia Division of the Daughters of the Confederacy, to which has fallen the pleasant duty of gathering funds for the monument, believes that the tribute will be as large as it was sincere.

The Virginia Division expressed gratitude last night to the clerks of the National State and City Banks, who counted the money, and to the Rev. James Power Smith, D. D., one of Jackson's aides, who, on every occasion and at every opportunity which came, aroused the enthusiasm of the people for the memory of the man who was second to Lee.

BANK TO REMAIN IN RICHMOND

Committee on Reserve Institutions Turns Down City of Baltimore.

MAY TAKE AN APPEAL.

Case of Monumental City Will Now go Without Prejudice to the Federal Reserve Board.

Richmond, Va., May 2.—Baltimore's appeal to the Reserve Bank organization committee, composed of Secretary of the Treasury McAdoo, and Comptroller of the Currency Williams and Secretary of Agriculture Houston, was turned down yesterday at the meeting of the committee.

It not only declined to reopen and review its action in designating Richmond over Baltimore as the regional reserve city of the fifth district, but it also refused to suspend the organization of the regional bank in Richmond pending an appeal by Baltimore to the Federal Reserve Board when that body is named.

It is understood that the attitude of the organization committee is that the reopening of the Richmond-Baltimore case would swamp it with petitions for review from other cities, which were competitors for regional banks, with the result that the work of setting in motion the new banking machinery would be indefinitely delayed. The committee also takes the position that it selected Richmond in the full belief that it was entitled to the regional bank on account of its geographical position and its relationship to the banking business of the territory embraced in the district.

It is also understood that the committee declined to suspend the organization of the regional bank in Richmond pending an appeal to the Federal Reserve Board on the ground that it would interfere with the movement for a simultaneous launching of the new banking system in all the districts.

The organization committee has taken similar action as to appeals from other cities for a retrial and review of its verdict in selecting regional bank cities. New Orleans, Denver, Pittsburgh and Omaha were refused a reopening on the same grounds which a review was denied Baltimore. The policy of the organization committee in turning down these petitions is to have the field clear for placing in operation the new banking system without much more delay.

RYAN SAVED.

American Red Cross Official Was to Have Been Executed by Federals As A Spy.

Vera Cruz, Mexico, May 2.—President Huerta yesterday ordered the immediate release of Dr. Edward Ryan, an American Red Cross official, who was threatened with execution as a spy at Zacatecas. The release was ordered after personal representations to President Huerta by William Canada, the American Consul here.

Huerta telegraphed to Mr. Canada yesterday afternoon that he did not know that Dr. Ryan was to be put to death, but that he had ordered the Federal commander at Zacatecas to release him at once and give him transportation to Mexico City. From the capital President Huerta promised to send him to Vera Cruz.

Representations in behalf of Dr. Ryan were made by Sir Christopher Cradock, commander of the British naval squadron in Mexican waters through Sir Lionel Carden, British minister, and by the Brazilian minister, acting for the United States.

The Citizens' National bank through its officers will be glad to receive subscriptions from its patrons and friends to the Hospital fund, delivering the same to the committee daily.

SENT TO THE GRAND JURY

Thomas Roddy Says His Gun Was Accidentally Discharged Thursday Night.

Most of the time of the Police Court this morning was occupied in the investigation of the case of Thomas Roddy colored, who is charged with shooting Leonard Nalls at the Bryant Fertilizer Works, at the outlet of the old Alexandria Canal, Thursday night.

Charles Williams and William Davis, both colored, had also been arrested on suspicion of being present on the occasion and engaged in stealing a roll of roofing paper.

Williams and Davis plead alibis, both asserting that they were not present and had nothing to do with the attempted theft nor the shooting. Nalls positively identified Roddy as the man who shot him, and the accused had previously admitted that he used the gun, being scared, he said, at the time Nalls surprised the negroes. Upon being placed upon the stand he again confessed to the shooting, but alleged the gun was discharged accidentally.

Williams, who was represented by Robinson Moncure, was dismissed, as was also Davis, but Roddy was held for the action of the grand jury.

NEWS OF THE OLD DOMINION

MURDER IN LOUISA.

Killing of Victor Hall Causes Sensation in County.

Green Springs, Louisa Co., Va., May 2.—Because of persistent and ugly rumors that Victor Hall, the merchant of this place who was murdered in his store on the night of April 14th, supposedly by a burglar, may not have been killed by an intruder in the night, but by someone else—someone whose name is frequently and publicly mentioned—Commonwealth's Attorney—William Bibb has determined to submit the matter to a special meeting of the grand jury called for May 1th.

Since the night of the murder the county officers, assisted by detectives, have worked relentlessly on the case. As far as their reports show the case is wrapped in mystery. Public opinion, however, is less guarded, and in all parts of the county and in neighboring counties the matter is discussed freely and boldly and few hesitate to say without reservation who they believe shot and killed Victor Hall.

Their theory is that Hall quickly discovered the identity of the person who set fire to Dunkum's store, and, horror stricken, announced his purpose to disclose that person's identity, whereupon that person determined to, and did, silence his tongue by killing him.

The official records in the case show that the store of W. R. Dunkum, just across the Chesapeake and Ohio Railroad from the Hall store, was burned to the ground early on the night of April 14th. A few hours later Victor Hall was shot through the head in his store and almost instantly killed.

When neighbors, called by Mrs. Hall and others, reached the scene Victor Hall was unconscious. His head was resting on a bolster. Mrs. Hall was standing by him. Miss Elsie Wood, a school teacher, was with Mrs. Hall. Victor Hall's pistol lay on the counter. One chamber was discovered to be empty. The pistol is .38-caliber. The bullet extracted from Hall's brain after his death is a .38-caliber ball.

Mrs. Hall explained that she was in the room because, hearing the shot, she had to run to her husband's assistance, fearing that he had been injured.

Miss Wood was boarding in the house. Her room was immediately over the store. She had been called by Mrs. Hall. In her testimony at the coroner's inquest she declared that in passing through Mrs. Hall's room she had taken the pistol from the bureau. She knew where the pistol was kept and she sometimes carried it, she said, when kept out late.

Later, when the empty chamber was discovered, Miss Wood explained that a short time previous she had carried the pistol to school, and it was her impression—though she was not absolutely certain—that she had fired once to see if she could hit one of the mile posts along the railroad track.

REPARATION FOR CRIME.

Favorable Report for Damages for Burning of Military Institute.

Richmond, May 2.—Senator Thomas S. Martin has informed Colonel Joseph Button, one of the members of the Board of Visitors of the Virginia Military Institute, that the Senate Committee on Appropriations has made a favorable report on the bill appropriating $100,000 for the payment of damages done by Federal troops during the war when the buildings were wantonly burned.

Senator Du Pont, of New Jersey, who was in charge of the battery which fired the buildings, presented the bill and declared that the burning was done by orders and that it was a most ill-timed and wanton act. Senator Martin says that the bill will pass.

Colonel Button says that if the institute gets the money it will proceed to make the improvements which have long been projected and which will greatly increase the efficiency and usefulness and beauty of the famous school.

TEN THOUSAND STRIKE.

Miners in West Virginia Coal Fields Go Out Despite Orders of Union Officials.

Charleston, W. Va., May 2. — Ten thousand miners in the Kenawha coal fields quit work yesterday in the face of an order from John P. White, president of the United Mine Workers of America, and it is expected that the 3,100 who remained at work will go out today.

Thomas Cairns, president of district No. 17, urged the men to remain at work until negotiations were officially broken off with the operators, but they refused to obey. Efforts to bring representatives of the miners and operators together were without success.

GIVEN DICTATOR'S POWER.

China's Amended Constitution Makes President Almost an Absolute Sovereign.

Peking, China, May 2—The Amended constitution for the Republic of China, which is to be formerly promultageted, is notable for the widespread powers it gives the President.

The document as it now stands is the work of a constitutional convention which has been laboring here since the middle of March.

The president is empowered to convoke, open, suspend, close and dissolve the legislature, submit to it the budget, as well as other bills, and refer back to the legislature for reconsideration bills already passed by it.

If such measures are repassed by a three-fourths majority, the President may, with the consent of the administrative council, still withhold their promulgation.

The president has sole power to a point and dismiss civil and military officials, to declare war and conclude peace, and he will be in complete control of the army and navy, as well as of all expenditures for these branches.

The Socialists held a mammoth "mourning party" for the dead women and children in Colorado, in Union Square, New York yesterday afternoon. That they are not mourning their own dead now is due to the quick action of Chief Inspector Schmittberger. He called off 50 of his 400 policemen who had thrown the crowd of 10,000 into a panic by indiscriminate clubbing at the first sign of the I. W. W. demonstration. The crowd was forced to leave.

Chamberlain's Liniment.

This preparation is intended especially for rheumatism, lame back, sprains and all like ailments. It is a favorite with people who are well acquainted with its splendid qualities. STICKS TO MT. VERNON.

Commission Employs Charles K. Bryant to Draw Plans for its Reproduction.

Richmond, May 2.—The Virginia Commission for the Panama-Pacific Exposition went ahead calmly with its preparations to reproduce Mt. Vernon at the fair as the Virginia building, at its meeting Thursday in the Governor's office, paying but slight regard to the criticism of the plans which has been leveled by many newspapers of the State. Charles K. Bryant, of Richmond, was engaged by the commission as the architect to plan and construct the replica of Washington's home on the exposition grounds.

With Chairman W. W. Baker, of Chesterfield, Mr. Bryant will go to Washington on Monday to obtain the exact measurements of Mount Vernon, and to obtain the necessary permission to make the detailed scrutiny of the Washington place, which will be necessary in order to reproduce it on the other side of the continent. Mr. Bryant estimates that the building will cost between $17,000 and $18,000, being built, of course, only for temporary occupation, and, therefore, not of the most expensive construction.

The commission decided to leave for San Francisco on June 4, remaining away from home at least three weeks.

The site for the new Mount Vernon is given gratis by the exposition company, and the services of an experienced supervising architect will be shared by Virginia and four or five other states which are erecting buildings at the fair.

The commission has accepted an offer from the Gorham Co., silversmiths, of New York, to cast a bronze replica of Houdon's statue of Washington, in the lobby of the Virginia State Capitol, to be placed on the portico of the Mount Vernon to be built at San Francisco. The Gorham Company already has in its possession the molds of the famous piece of marble and has a contract with the State for casting replicas of the statue whereby the State is to receive $500 for every replica made. The replica to be placed at San Francisco will, of course, be the property of the silversmiths.

The commission will have at its disposal approximately $30,000 for the installation of an impressive exhibit of the mineral, timber and agricultural resources of Virginia in the State building.

Both Virginia and Missouri have instructed thei rexposition commissions to reproduce Mt. Vernon.

Brakeman Killed.

Abingdon, Va., May 2.—While shifting cars on the Virginia-Carolina Railway tracks Thursday afternoon, Robert Tolbert, a brakeman of that road, was thrown between the cars and instantly killed. The accident occurred in front of the Norfolk and Western station. Tolbert was twenty-two years old, and lived near Abingdon.

Knocked Under Engine.

Richmond, May 2.—Knocked beneath the wheels of a string of shifting freight cars on the Richmond Fredericksburg and Potomac tracks, a short distance west of Leigh street Thursday afternoon. W. H. Clayton, of Roxboro, N. C., received injuries from which he died early in the St Luke Hospital. Jas. Cobb, of Smithfield, N. C., suffered the loss of a leg and was reported in a precarious condition at the hospital.

All of the men are employed in the offices of the Export Tobacco Company, and were on their way to lunch when the accident ccurred.

Osceola Mills Destroyed.

Harrisonburg, Va., May 2.— Fire a few days ago at Pleasant Valley, five miles south of Harrisonburg, destroyed the Osceola Mills, the largest plant in the county, with a loss of $20,000. Two large tanks of compressed air in the engine room exploded with terrific violence, hurling blazing gasoline all over the building and spreading alarm throughout the town. The buildings, containing 600 barrels of flour, 1,500 bushels of wheat 600 bushels of wheat and other feed were entirely destroyed. The Harrisonburg fire company was called upon for help but could not reach the scene to give aid. The building and contents were heavily insured. The origin of the fire is unknown.

INTEREST IN THE FRANK CASE.

Recent developments in the case of Leo M. Frank, sentenced to be executed in Atlanta for the murder of Mary Phagan, the pencil factory girl, are attracting considerable attention not only in Georgia, but throughout the country. The mobbing of Detective Burns in Marietta yesterday was a serious scene in connection with the indignation Burns has aroused by his assertion that Frank is innocent of the crime and by attempting to foist the murder upon the negro James Conley.

The confession of Rev. C. B. Ragsdale that he accepted a two-hundred dollar bribe to make a false confession in order to strengthen the case against Conley has added no little to the indignation.

The authorities of Atlanta are incensed at the persistent efforts now being made by counsel and friends of Frank to shift the guilt from his shoulders to the negro. They allege that the condemned man had a fair trial and that he was given every opportunity to establish his innocence, which he absolutely failed to do, and that while the negro Conley may not be a model character, the attempts to identify him as the murderer of Mary Phagan have not been satisfactory to the judge and jury before whom Frank was brought.

Innocent persons at long intervals have suffered the extreme penalty of the law ever since courts of judicature were established in the world, but they have been exceedingly rare, and, quoting the words of a well-known attorney in Alexandria several years ago, ninety-nine persons out of every hundred arrested are guilty of the charges preferred aganst them.

It is possible Frank may be one of the exceptions, but if so he failed completely in his attempts to refute the terrible crime with which he is charged, and the people of Georgia, had they any suspicion that he was about to be executed in the place of the actual perpetrator of the deed—and he, too, a negro—would give the white man all the opportunity possible to prove his innocence.

While we are not disposed to minimize the work of Detective Burns, who has done much heretofore towards bringing criminals to justice, the assertion by the Baptist minister that he was present when the false affidavit was made may cause him some trouble when called upon for an explanation

There are many bad negroes in the southern country and such specimens often cause trouble, but we are not among those who believe all crimes are committed by members of this race. Many bad men of Anglo-Saxon origin also give the authorities annoyance.

It is earnestly hoped no mistake will be made in the Frank case. Somebody cruelly murdered the little factory girl. If Frank committed the deed he should pay the penalty. If any mistake, however, is being made and he is innocent of the horrible crime, all would rejoice could he establish that fact. But if the negro is about to be made the scapegoat for a white man's crime, let the matter be closely investigated.

HIGH SCHOOL NOTES.

Literary Society to Meet Tonight. Athletic Items.

The A. H. S. Literary Society met last Saturday night in the school building. No important business was transacted at this meeting. Two medals were presented to the Socety by the Critic, Mr. Prettyman, both to be awarded at commencement, one to the Society's best debater, the other to its best declaimer. These medals are of handsome monogram gold, with the name of the winner to be engraved upon each. They are well worth trying for, and the selection of the winner will be difficult.

The affirmative, Miss Sarah Cox and Miss Mildred Callahan, won the debate, although the negative, Miss Nina Fulton, in the absence of her colleague, put up a very good argument. The subject was "Resolved, that the work of a literary society, including dramatics, is of educational value to a high school." The declamations were very interesting. Miss Reardon declaimed Poe's "Israfel," and Miss Madeline Martin a selection from Shakespeare.

The next meeting of the Society will be held tonight at 7:30 o'clock. The program to be rendered is expected to be very interesting, and all members are requested to be present. The subject for debate is right up-to-the-minute. It is "Resolved, that the United States should declare war against Mexico." The debaters are: affirmative Gus Pohl, nad Tupper Barrett; negative, Miss Carol Leadbeater and Otis Sunderlin. Declamations will be rendered by Miss Henderson, Miss Glasgow, and Frank Johnston. The public is cordially invited to attend the meeting.

Track Team Men Return Monday.

The two boys, William Boswell and Eldon Raison, who represented the High School at the track meet held by Washington and Lee University at Lexington last Saturday, returned Monday. Out of thirty-two schools represented, the Alexandria High School came in sixth place. A reception was held in honor of the two athletes Monday night by the High School Whank Whank Club, of which both boys are members. Mr. Blanton, who accompanied the A. H. S. representatives to Lexington, was present at the reception.

Practice for Field Meet Commenced.

Practice for the different events in the invitation field meet to be held by the High School here preparatory to the big meet at Fredericksburg, has commenced at the school. The high jump, shot-put, and broad jump are practiced at recess and before school hours every day, and in the afternoon at Rosemont, where a track has been laid out. These events, together with hurdles, dashing, and long distance running, and others are practiced. The small invitation meet to be held here by the High School will be held on or about May 9th. It will probably be public, although nothing has been announced in regard to this as yet.

Physics Taken up in Second Year.

Botany was discarded, and the study of physics begun in the second year Monday. The Sophs closed up their study of Botany with a review and test. The first thing in connection with the study of physics taken up was the metric system, the system by which all scientists make their measurements. The lessons in this science are given in the form of lectures, while the pupils take notes on the same, and recite on the matter taken down the next day in class.

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by all dealers.

Whooping Cough! Oh! Oh! Give Foley's Honey and Tar Compound.

COURT NOTES.

In the Corporation Court today in the case of the Cover Supply Co., Inc., and Standard Oil Company vs. the Mount Vernon Stables, Inc., et al., the demurrer was sustained and the case referred to a commissioner for report.

In the Circuit Court for the city in the case of Harry H. Julg, M. R. Julg and John H. Keyser vs. Julg Piano Co., inc., the receiver was discharged and the case dismissed.

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted in prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracks is that they plant or, arrange a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further arguing, and waste no time in locating on this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will be cheerfully permitted, and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown any one. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With an ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.**

When you have a cold you want the best medicine obtainable so as to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs. J. Boroff, Elida, Ohio, says, "Ever since my daughter Ruth was cured of a severe cold and cough by Chamberlain's Cough Remedy two years ago, I have felt kindly disposed toward the manufacturers of that preparation. I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers.

Mrs. Wm. M. Thompson, of Battle Creek, Mich., writes, "I have been troubled with indigestion, sour stomach and bad breath. After taking two bottles of Chamberlain's Tablets I am well. These tablets are splendid—

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

NEWS OF THE DAY

It is reported in Mexico City that Sir Lionel Carden, the British minister, has taken up with Huerta the suggestion that he should retire pending the attempt at mediation. Huerta is said to have agreed to this providing Sir Lionel Carden would guarantee his safety. General Carden would guarantee his safety. General Blanquet, the war minister, objected, and Huerta is now the object of espionage by the cabinet as well as by rebels. Huerta cannot control the situaton. He has had a serious quarrel with Blanquet, who is seizing all automobiles and is preparing to make a last stand in the ciduadelea. If driven to the last ditch Huerta may move his capital to Puebla and thence, if it gets too hot for him, to Oaxaca.

Colonel Roosevelt left Manaos yesterday accompanied by his son, Kermit. The colonel is to sail from Para on the steamer Aiden for New York, and will arrive home about May 17. Kermit, who is to be married to Miss Willard in Madrid, is to leave for Lisbon on May 8. According to the present plans, Colonel Roosevelt will not attend Kermit's wedding. The colonel is in fairly good physical condition after his strenuous jungle trip, although he has lost considerable weight as a result of a painful jungle ailment similar to boils. He has almost recovered.

The trans-Pacific liner Siberia reached Manila yeterday morning, after being the subject of all sorts of rumors. Her captain reported that the vessel had an uneventful voyage from Nagasaki. The rumors of distress to the Siberia ranged from grounding to an attack by pirates, and included a possibility that the vessel had foundered with 721 persons on board.

Countess Tiepolo-Oggioni, a member of a noble Venetian family, accused of the murder last November 8 of Polimenti, the orderly of her husband, Capt. Oggioni, was on the stand at Oneglia, near Genoa, where the assizes are being held. The countess was questioned at considerable length as to her relations with Polimenti. She admitted that during a period of physical weakness "she allowed" Polimenti, who had a reputation as a Don Juan, to become too familiar with her. She confessed that she even sent postcards to him. The countess said that after a few months' rest at Venice she "recovered her dignity," and when Polimenti seized her brutally she fired at him, but without intending to kill him.

A monthly tabulation by the National Highways Protective Society shows that 23 children were killed by vehicles in New York.

A dispatch from Boma, Kongo Free State, says the natives have gone on the warpath, killing scores of whites in the Portuguese colony of Angola and driving out the missionaries, some of whom are believed to have been murdered. News of the uprising was received yesterday, the dispatches stating that the Portuguese garrison had been put to flight. The victims of the natives included men, women and children.

BURNS MOBBED.

Detectives Assaulted by Man in Marietta.

Marietta, Ga., May 2.—William J. Burns, the detective, was the center of an angry demonstration when he came here late yesterday, presumably in connection with an investigation of the case of Leo M. Frank, the Atlanta factory superintendent under sentence of death on a charge of murdering 14-year-old Mary Phagan.

One man in a large crowd that surrounded Burns when his identity was discovered struck the detective in the face. Others threatened the detective with violence if he made any move to resist the man. The detective escaped to a hotel, while C. W. Burke, a detective who accompanied him here, summoned deputy sheriffs. No arrests were made.

This was the home of the slain factory girl, and many of her relatives still live here. The detective's declaration that Frank was not guilty and that James Conley, a colored factory sweeper, convicted a san accessory after the murder, alone was responsible for the crime, has aroused intense feeling here.

An unusually large crowd was here yesterday to vote in a primary election. Burns and Burke arrived in an automobile and were at a garage when the demonstration started. Burns reported to Atlanta last night.

Atlanta, Ga., May 2.—Attacks by state's attorneys on methods employed by the defense in obtaining evidence for their plea yesterday marked resumption of hearings on the extraordinary motion for a new trial for Leo M. Frank.

Private detectives and others were charged with using misrepresentation and other improper influences in obtaining affidavits. Hugh M. Dorsey, solicitor general, asserted that he believed some of the affidavits were forgeries.

Judge Ben H. Hill, of the superior court, who is hearing the arguments adjourned the hearing late today until Monday.

Atlanta, Ga., May 2.—When Solicitor Dorsey opened his fight before Judge Ben Hill yeserday on the extraordinary motion for a new trial, filed by Leo Frank's defense, sensational surprises came in clusters.

And to cap the climax, subpoenas were issued from the solicitor's office, demanding Detective Burns and his assistant, Dan S. Lehon, to appear before the retrial hearing for an examination by Dorsey on Monday.

When the retrial hearing opened ater a week's adjournment, the solicitor sat at a table that was piled high with affidavits, ammunition which he fired into the motions of the Frank attorneys. One of these, an affidavit made by Mary Rich, denies in whole an affidavit filed by the defense, in which she is purported to swear that she saw Jim Conley at 2:15 o'clock on the afternoon of the Mary Phagan murder. The Rich woman swears in the prosecution's affidavit that she had never made such an affidavit as presented by Frank's lawyers, and says Mrs. Lucile Frank, wife of the convicted man, approached her with tears in her eyes, pleading with her to help save Frank from the gallows. This affidavit will be put before Judge Hill on Monday.

A number of girls, all who are alleged by the defense to have made affidavits repudiating testimony at the trial, deny the documents, saying they never made them, and that they are forgeries.

Mrs. Maggie Nash, who formerly was Maggie Griffin, a character witness at the trial, swears in an affidavit that she had frequently seen Frank accompany a certain woman who worked in the pencil factory, into the ladies' dressing room, where they would stay for a time, ranging any where from fifteen to thirty minutes.
